4 ZONES

- 1 Bruegel in detail
- 2 Bruegel all over the world
- 3 Between angels and demons
- 4 Immersive experience

1 *Bruegel in detail*

Discover the style and characteristics of Pieter Bruegel the Elder in extraordinary detail. They are presented in several themes from the Flemish master's opulent oeuvre. Projected on large panels in ultra-high quality, this composition is a unique way to observe unseen details.

2 Bruegel all over the world

Bruegel's original work is scattered over the entire world. This zone exhibits where you can admire his original pieces.

3 *Between angels and demons*

Dive into the masterpiece 'Fall of the Rebel Angels'. On this course, you'll start in heaven surrounded by swirling angels, while further on the path you go to the underworld.

4 Immersive experience

The visitor enters an immersive projection space that offers an in-depth look at the life and work of the Flemish Master. His artwork comes to life as you wander through the landscapes that inspired him. Suddenly, you'll be walking alongside Mad Meg's army or sailing on a ship at the foot of the Tower of Babel. Meanwhile Bruegel tells his life story and muses on his creations.
